RWANDA**

An aerial night photograph of Kigali, Rwanda. The central focus is the Akwacu Parliament Building, a large, modern structure with a distinctive conical, tiered roof that is brightly lit with blue, yellow, and green lights. To its left is a large, curved, multi-story building, also illuminated. The surrounding city is visible in the background, with numerous lights from buildings and streets. The sky is dark, suggesting dusk or night. The overall scene is vibrant and modern.

A photograph showing the silhouettes of several people standing on a hill or ridge against a bright, low sun, creating a dramatic sunset or sunrise scene. The figures are dark against the glowing sky, and their forms are partially obscured by shadows and the contours of the landscape.
